

Call for Applications

European Adventurers: Brainstorm Your Future Europe

We want you & your best ideas!

Join EucA for an epic experience as the creator of your European adventure! Do you always dream about the perfect international initiative for yourself and your friends but never find something that meets your needs? Create it yourself!

EucA will guide you through the opportunities offered by the funding program of the European Union called CERV (Citizens, Equality, Rights, and Values). You will co-create with us a European-funded project!

Let's dream together of EucA's next European adventure: Co-create CERV with us!

The [Citizens, Equality, Rights and Values \(CERV\)](#) programme aims to build a vibrant and empowered civil society, encouraging people's democratic, civic and social participation. The programme wants to foster the rich diversity of European society based on our shared values, history, and memory.

Projects funded under CERV promote, among other topics, citizens' engagement and participation in the democratic life of the Union, exchanges between citizens of different Member States, and raising awareness of the common European history.

Make an impact!

By joining us, you will participate in choosing what the most relevant topics and formats to:

- Co-create an inclusive, diverse, and engaging programme focusing on global challenges and EU-related issues that matter to you;
- Foster the democratic debate about crucial ongoing topics: fundamental rights, peace, EU civic life, etc.;
- Encourage intercultural understanding and exchange;
- Build and strengthen European citizenship among young people;
- Raise awareness about how the EU works and the democratic role of the European Parliament;
- Encourage youth active involvement and participation in the European Elections 2024.

What's in it for you?

It will be an opportunity for you to:

- You will experience collaborative ideas-generating sessions based on two ideas-generating techniques: role-playing and the issue tree. Furthermore, you will learn the creative process behind a European Project.
- You will gain an overview of what goes into designing an EU-funded project.
- You will acquire skills like problem-solving and critical thinking in an exercise that will allow you to develop a logical, consistent plan to solve problems, recognize consequences, and articulate reasons for choosing a solution.

- You will step out of your comfort zone, listen to other people's perspectives, and advocate your ideas.
- You will expand your network: meet students from other colleges, collaborate, and keep in touch with them!

Who?

Open to all EucA students and alumni! Just some requirements:

- Passion: you like to engage in the topics during your studies and outside the classroom.
- Proactivity: you read, research, travel, or are curious about the topics, and you want to do something about it!
- Creativity: you are eager to experiment with new things, ideas, and experiences!
- University students from a EucA member or EucA alumni (priority will be given to current EucA students).
- Two hours availability.

What do we want from you? Enthusiasm and ideas!

Your ideas are precious to us! We want your help developing ideas about how to design and develop an engaging EU project: trendy topics, an exciting agenda, and working methods so young people feel EucA's EU projects are their own!

We won't take much time from you: we just ask you to give us two hours on 7 December. We will have an online meeting in which we will deal with the following topics:

- Why this project?
- What is its goal?
- Ideas of formats: what is the best way to implement the project?
- Ideas of topics: what topics should the project deal with?
- Ideas of key European values to be tackled.
- Ideas of engagement: how to foster participation?

Do you want to join us?

Register using the following form.

Deadline: 2 December 2022

Note that: in the form, you will be asked to copy-paste the links to the following items:

- CV
- LinkedIn profile link (optional)
- If you have trouble with your CV or LinkedIn profile... Don't worry; EucA is happy to help you! Book your spot for a CV check or a LinkedIn Coaching session: <https://www.euca.eu/current-projects>
